

600mm BASE CABINET

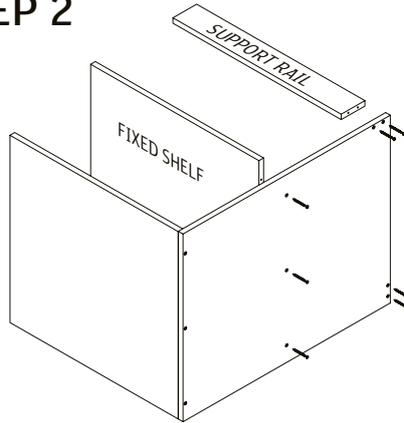

STEP 1

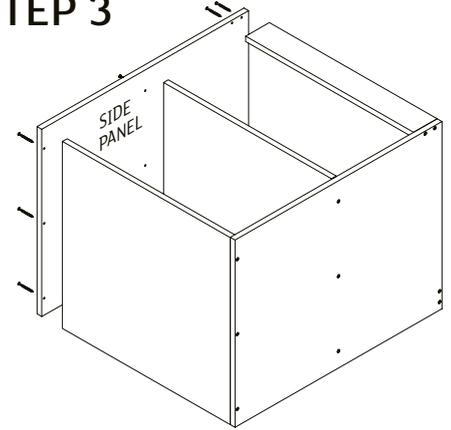

Screw base panel into side panel.

STEP 2

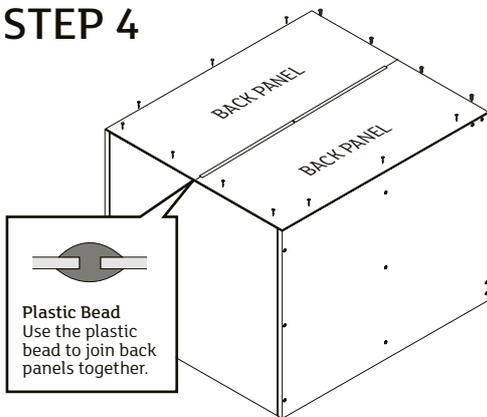

Screw fixed shelf and support rails in position.

STEP 3

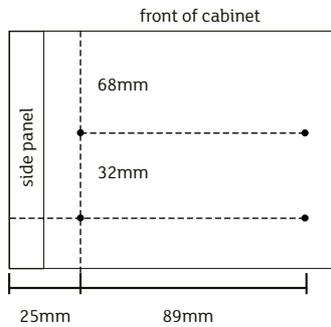

Attach remaining side panel.

STEP 4

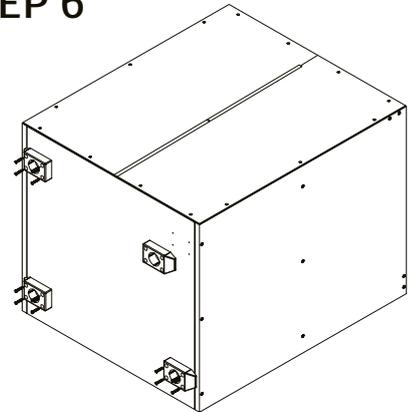

Nail back panel onto the side panels, base panels and fixed shelf. Screw the back panel into the top support rail.

STEP 5

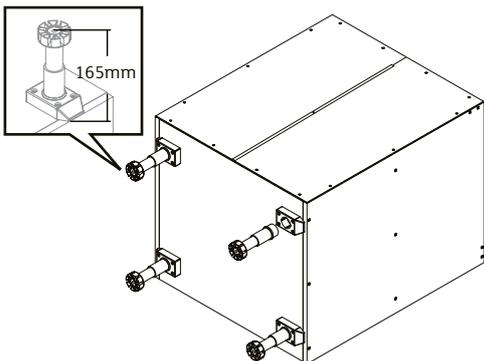

Turn the cabinet over. Mark out the dimensions shown.

STEP 6

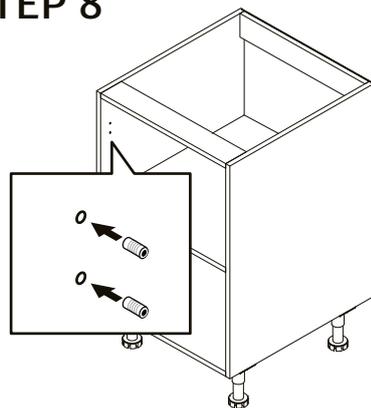

Screw the base plates for the adjustable legs in position.

STEP 7

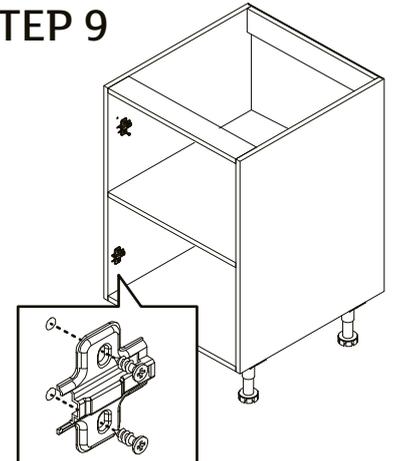

Attach legs to base plates. Set the height of the adjustable legs to 165mm. Repeat for the remaining 3 legs.

STEP 8

Tap the plastic lugs into the screw holes on the cabinet and door.

STEP 9

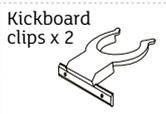

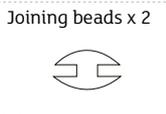

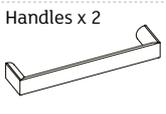

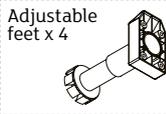

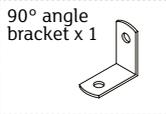

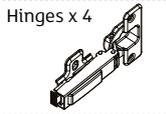

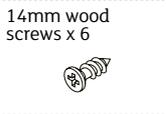

Caution: Please ensure all cabinets are screwed into your timber stud wall. If attaching to concrete, brick, steel or other sub surfaces seek advice from your hardware specialist. **WARNING:** Do not allow children to climb on this furniture – it may topple over and badly injure a child.

Do not place toys or other child appealing items on top of this furniture. For advice or any other questions you may have, call customer service on: AU Customers: 1800 666 078 between 8:00am - 6:00pm E.S.T Monday to Friday NZ Customers: 0800 522 663 between 8:00am - 6:00pm E.S.T Monday to Friday
